

The European Industry Association – **Only Representative Organisation (ORO) AISBL** is located in Brussels/Belgium and was founded in 2008. ORO is dedicated to provide best practice guidance and high quality information on Only Representatives issues.

As the sole European industry association for Only Representatives, ORO became in 2011 “Accredited Stakeholder Organisation” of ECHA, the European Chemicals Agency.

**ORO’s main objectives are:**

- Set up common Only Representatives’ guidance and quality standards.
- Develop a common understanding of REACH requirements for Only Representatives.
- Represent Only Representatives and non-EU manufacturers.
- Cooperate with regulators and other stakeholder in the REACH process.

**Facts about ORO**

ORO has now about 30 active members and is growing fast. Our members represent over 1.900 non-EU manufacturers worldwide and cover many tens of thousands of EU-importers. On behalf of their clients, ORO Members have submitted so far >12.500 pre-registrations and more than 760 registration dossiers, some of them also as Lead Registrant. All our members fulfil the ORO membership criteria and members are eligible to participate in the OR insurance scheme. Most ORO Members are also REACH Full Service Providers.
